Subject: RE: Diesel Cruze Test for Friday

Hi David, we'll try to have the same driver (Mike Matthews) for the testing as already did the prep. I reminded them about the running lights as well.

John

Don't know if this will work for your schedule. It appears they are most interested in making sure the daytime running lights are turned off.

Regards,

David

Subject: Diesel Cruze Test for Friday

Hi David,

The diesel Cruze is scheduled for testing at your lab on Friday. If possible, could the person who preps the vehicle also drive the FTP and HWY tests. The vehicle is also labeled and a note is in the instructions to turn off the daytime running lights at the start of the tests.

Thanks for any help,
Bill.
